

Download Albert Camus A Study Of His Work

Read this book on Questia. It was with the publication, in 1942, of *L'Étranger* and *Le Mythe de Sisyphe*, that Albert Camus changed quite suddenly from a little-known provincial essayist into one of the best-known French literary figures. Albert Camus was born in Mondovi, Algeria, to French parents. After his father died in 1914, Camus and his brother Lucien moved with their mother to a working-class district of Algiers. Camus reflected on his early years in Algeria in two collections of essays: *The Wrong Side and the Right Side* (1937) and *Nuptials* (1938). *Albert Camus: A study of his work* (Evergreen book) [Thody, Philip Malcolm Waller] on Amazon.com. *FREE* shipping on qualifying offers. *Albert Camus: A study of his work* (Evergreen book) Albert Camus, a biography, and: *Camus: A Critical Study of his Life and Work* (review) Patrick Henry *Philosophy and Literature*, Volume 8, Number 1, April 1984, pp. 104-118
