A wooden maze with straight walls is easy to build. You just use rectangles for walls and make all the turns 90 degrees. You can easily cut these out on a table saw. But what if you want a maze with curved walls? How do you bend the wood? One way to do this is with living hinges. A living hinge is a

Instantly the room is filled with brilliant green lasers radiating from the walls... Music and light effects transport you into your favorite Mission Impossible movie scene or Raiders of the Lost Arc thriller!

Optical Illusions Why is the sky blue? The sun shines white and black light to our planet. The white light has all the colors in it.
