

# **Download Monetary Policy In Dollarized Economies (occasional Paper (international Monetary Fund), No. 171.)**

This problem, which is by no means confined to dollarized economies, brings into question the policy of monetary targeting as opposed to, for example, relying on a wider set of indicators. Although this issue is beyond the scope of this paper, there are good reasons to believe that this paper analyzes policy issues that arise and various monetary strategies that may be pursued when the monetary sector is dollarized, and it considers the implications that dollarization has for the design of IMF programs. Monetary Policy in Dollarized Economies. Adam Bennett, Eduardo Borensztein and Tomás J. T. Baliño. No 171, IMF Occasional Papers from International Monetary Fund Monetary Policy in Dollarized Economies (Occasional Paper (International Monetary Fund), Band 171) | Tomas J. T.
