

# Download R12 Oracle Process Management User Guide

please tell me what are the technical activities required after upgrading oracle apps from 11i to R12?Service-Oriented Architectures (SOA) and Oracle Business Process Management (BPM)Do you know, in R12 there is a new management segment qualifier for your chart of accounts. This would qualify a segment to be the management segment if that segment has management responsibility and you can facilitate setting of Read, Write access permissions while defining Data access set in GL.Oracle Accreditation Program: Increase your productivity by using Oracle's Accreditation Program - our new framework to accelerate your knowledge of our Oracle products and Support framework.
