Role Mining in Business: Taming Role-Based Access Control Administration | Alessandro Colantonio, Roberto Di Pietro, Alberto Ocello | ISBN: 9789814374002 | Kostenloser Versand für alle Bücher mit Versand und Verkauf durch Amazon. Beside a comprehensive survey of role mining techniques deeply rooted in academic research, this book also provides a summary of the role-based approach, access control concepts and describes a typical role engineering process. Among the pioneering works on role mining, this book blends business elements with data mining theory, and thus further extends the applications of role mining into business practice. This makes it a useful guide for all academics, IT and business professionals.
