

Download Something S Amiss In My Uterus

I'm 14 years old and a virgin. When I explore myself or masturbate I find that I can fit at least 3 fingers inside myself without much discomfort. I just think something is wrong. If you feel that something is wrong, or if you are worried about the baby, call your midwife or doctor to talk about it. Learn exactly what implantation cramping is, what it feels like, what it means for pregnancy, and when it's time to call a doctor. Giphy. What about other issues "down there" that can cause infertility or other problems with pregnancy? If left untreated, bacterial vaginosis can affect your uterus and other reproductive ...
