

Download The Decade And Beyond Evolving Community State Partnership

The past decade has produced rapid change for independent physician groups. The complex variables shaping healthcare's environment also impact the decision-making framework for independent physician groups contemplating their long-term partnership and affiliation options. In 2018, private investment commitments in energy, transport, information and communication technologies (ICT) backbone, and water infrastructure in low- and middle-income countries totaled US\$90.0 billion across 335 projects in 41 countries. Derek is the Principal of Urban Design at PWL Partnership and a LEED® Accredited Landscape Architect. He brings over twenty years of experience in community master planning, regenerative urban waterfronts, and public realm design across North America, Asia, the United Kingdom, and the Middle East. Surrounded by some of the most scenic wonders in the west, Southern Utah University is a dynamic teaching and learning community where students and staff immerse themselves in—and are inspired by—the diverse and stunning natural landscape that surrounds the campus.
