

Download The Lock Picking Toolkit

If you've ever broken off a key in a lock, you know how important it is to have a key extractor on-hand. While it doesn't happen all the time, it's a real pain when it does. The Grim Key Dog Tag, is a dog tag sized lock picking set, that can be stacked with Grim Workshop's other dog tag tools, or hidden on the back of a regular dog tags. Switched FXDir to use readdir() instead of now-deprecated readdir_r(). Supposedly now thread-safe. Some internal streamlining in FXRex. In FXText, duplicate line leaves cursor in place, but highlights the new line (if you duplicate one too many, you can therefore immediately delete it again). For example, in their 2005 community licence application, Stockport's Pure Radio specify a musical playlist of guitar-based pop and rock, judging that this is the single most popular style of music in their community and that it is poorly supplied by existing local radio stations (see VoxBox**).
